

## Laugh and Learn with Rod Machado

Come prepared to laugh and learn with Rod Machado with this humorous look at some of the most unusual situations into which pilots stumble—intentionally, or otherwise. Attempt a takeoff without the elevator attached? It's happened. Pull back on the yoke and have the wheel come off in your hands? Yep, that happened, too. Have a flight instructor's beard catch fire on downwind? You guess it: happened! You'll not only laugh your wheel pants off, but you'll learn a great deal about aviation safety and how safe aviation actually can be.

**Directions:** This free safety seminar is part of the 3 day Flying Aviation Expo. For more information and admission please visit: [www.Aviation-Xpo.com](http://www.Aviation-Xpo.com)

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
